

Unique Patented **STEP TIP**

AITiN COATING

3.5MM CUTTING DEPTH \updownarrow 3.5mm

1/4" QUICK CHANGE

Ø mm Sizes:
4.0 - 12.0mm, 4.0 - 20.0mm, 6.0 - 30.0mm

Eco-Friendly & Reusable Packaging

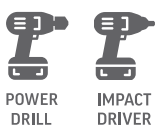

ONSITE+

Step Tip
Step Drill
METRIC

Ideal for

ONSITE use on the widest range of materials: Steel, stainless steel, wood & plastic

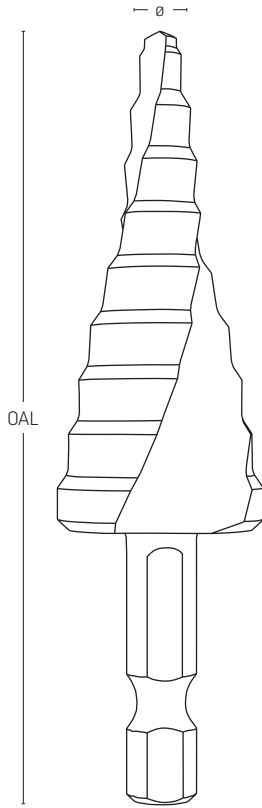

SUITS

Product Features

- **Unique patented step tip design** eliminates pre-drilling
- **Step tip reduces wandering**, producing perfectly centred & round holes
- **Dual cutting edges** produce burr-free holes
- **Unique step design** for 3x faster cutting speed over standard step drills
- **No distortion when drilling** thin sheet materials
- **AITiN coated** for extreme temperature resistance & long service life

* Alpha Liquid Gold Cutting Lubricant is recommended for increased life & smoother cutting when drilling all types of steel.
